FAQ:

Are payment plans available?

Yes, there are two payment options available for the 4 Week Intensive. You can [pay in full](#) or two payments of \$650. If you opt for the two payment option, \$650 is due upon enrollment, remaining \$650 to be automatically charged to the card on file 15 days later, access the two payment option at this [LINK](#).

What do I need to do to prepare for the 4 weeks of sessions?

Your confirmation email will have the details of the pre-work required to prepare for your initial session. A Pre-Program Assessment is required to help me understand in detail your current financial situation and the issues you would like to address during the four weeks.

The personal financial worksheet is also required to help us get clear on your fixed, variable and non-recurring expenses. This will help us build your realistic monthly spend plan. This is the foundation of all that you will do financially going forward.

Both are to be completed and submitted at least 48 hours before your kickoff session.

How long will each session be?

The kickoff session is 90 minutes, the remaining 3 sessions are 60 minutes each.

Can I reschedule if a session time does not work for me?

Reschedules will not be allowed for the initial kickoff session. The remaining three sessions will be scheduled before the end of the current session, so we can look at calendars real time to commit to a time that will work with your availability.

What if I need to miss a week?

I understand that life happens and I certainly hope you can be available for four weeks in a row to complete your intensive. If you can't you will have 5 weeks to complete all 4 sessions. Any sessions not completed within 5 weeks will be forfeited and no refunds will be issued.

The most important part of investing in this 4 week intensive is showing up for yourself. There is no return on the investment if YOU don't show up. I encourage you to show up, be present and make the most of our time together.

Will the sessions be recorded?

Yes, sessions will be recorded and the recording will be made available to you each week to download and save on your device.

If I purchase this service, but decide to enroll in the long term financial coaching program later will my fee be credited toward the program?

If you convert to the Savvy Steward (12 month financial coaching program) within **sixty (60) days** of your last 4 Week Intensive coaching session, then yes the \$1,200 and the coaching sessions will be credited towards this month program.
